

## Making a Payment Electronically from a Bank Account to Maryland Without Creating an Account or Logging in for Your 2025 Tax Return

1. Go to <https://www.velocitypayment.com/client/rad/>
2. In the **Payment Type/Filing Year** section, select the following:
  - a. **Payment Type:** New Tax Return Amount Due
  - b. **Tax Type:** Personal Income Tax
  - c. **Filing Year:** 2025

### Payment Type/Filing Year

<div>Payment Type * New Tax Return Amount Due</div>	
<div>Tax Type * Personal Income Tax</div>	<div>Filing Year * 2025</div>

3. In the **Taxpayer** section, use the Primary Taxpayer's information from the Maryland tax return.
4. Fill in the sections **Address and Contact Information** and **Filing Status**.
5. In the field **Payment Amount**, enter the balance due as shown on your **2025 Tax Return Filing Instructions – Maryland Income Tax Return**.
6. Verify your information on the **Summary** page, and click **Proceed to Payment**.
7. **Select Payment Method:** Trout CPA strongly recommends selecting Personal/Corporate Check instead of Credit/Debit Card. MD cannot easily trace payments made by a credit card. It also eliminates fees associated with a credit card transaction.
8. Enter your payment information and click **Continue**.
9. Verify all information is correct and click **Confirm**.
10. Print the verification page for your records.

The funds should be withdrawn within five business days. If they are not, please contact your tax preparer to discuss.
