9. On the next page, enter your payment information and complete all fields.
 - Trout CPA strongly recommends selecting ACH Debit instead of Credit/Debit Card. PA cannot easily trace payments made by a credit card. It also eliminates fees associated with a credit card transaction.
10. For **Payment Channel**, select **Checking**.
 - Do not select Savings. Most savings accounts do not allow you to make ACH payments from them and will cause you to incur IRS penalties for insufficient funds.
11. In the **Payment Amount and Confirmation Amount**, enter the balance due as shown on your **2025 Tax Return Filing Instructions - Pennsylvania Income Tax Return**.
12. When entering the Payment Date, always ensure the funds are in your bank account to make the payment. This will avoid PA penalties for insufficient funds.
13. Click **Continue**.
14. Print the verification page for your records.

The funds should be withdrawn within five business days. If they are not, please contact your tax preparer to discuss.
